NOTES FOR SELECTING A TEAM SUIT:

Please consider swimmers come in "All Shapes and Sizes." Young Bellies and Mature Bustlines may be best suited with a thicker strap and/or smaller back openings. Super skinny straps and/or open back suits are available in some prints, but may be best given as a special order option. Please consider the entirety of your team for the greatest satisfaction.

If you are looking for a more durable suit we suggest a "Polyester Suit." These suits are made with a thicker, more durable material that takes longer for the chlorine to break down. There are several blends of polyester suits from each of our vendors:

Durafast Elite 300+, Durafast Lite 200+, Endurance +, Poly Blend, Performance Poly, 100% Poly, Max Life, and Aqua Infinity Poly

LYCRA also has it's benefits: Additional stretch for a more comfortable fit. Holds less water for a faster racing suit. Lycra Blends:

PowerFLEX Eco, XtraSleek Eco, Poly Fusion, PRO LT, Nike NX Lycra, and Graphalite Lycra

Be prepared to give us your top 3 choices. The vendors will only cut so many suits, once they are gone…we will have to move to your next choice. The earlier you choose, the better chances your selection will be available. Remember, there are teams all over the US choosing at the same time as you.

2nd Year / Summer Print - May have Limited Quantities

1 Year Prints are only available for the current season - We do list this on our fitting fliers, but we also suggest notifying your families.

Custom Logos are $6.00 for 1-3 colors, & $8.00 for 4+ Colors

The prices listed above are for suits only. Custom Logos are $6.00 for 1-3 colors, & $8.00 for 4+ Colors
We do not suggest putting a logo on a print suit due to visability. Solids and Splices are best.
Splices are available until the vendor discontinues the style. Typically there will be a similar replacement the next year.
***ONLY Suits purchased at our store will be logoed. If a solid suit is brought in to be logoed at a later date, proof of purchase will be required.**
